Manuel d'installation.

1

Diagram showing the preparation of the mounting rail. A long metal rail is shown with a camera bracket being attached to it. The rail has several holes along its length. The camera bracket is being positioned over the rail, and the mounting hardware is being inserted.

- ALLEN M6
- DIN 912 M6x10 (x2)
- Washer M6 (x2)
- ALLEN M8
- DIN 912 M8x40 (x2)
- Nut M8 (x2)
- Washer M8 (x4)

2

Diagram showing the mounting of the rail to the wall. A person is shown standing next to a wall. The rail is being mounted to the wall. The height of the rail is indicated as 'H?'. The person is looking at the wall with question marks, indicating that the height should be determined by the user.

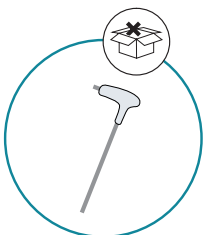

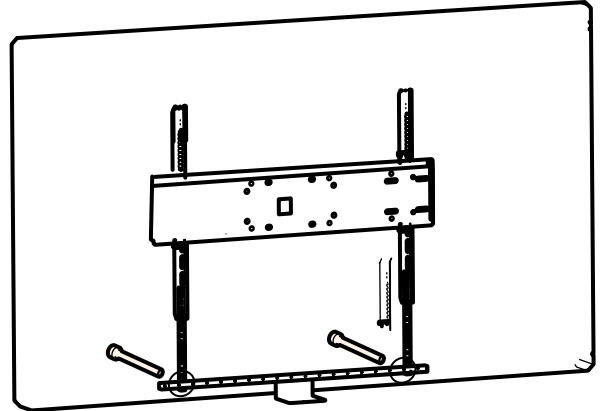

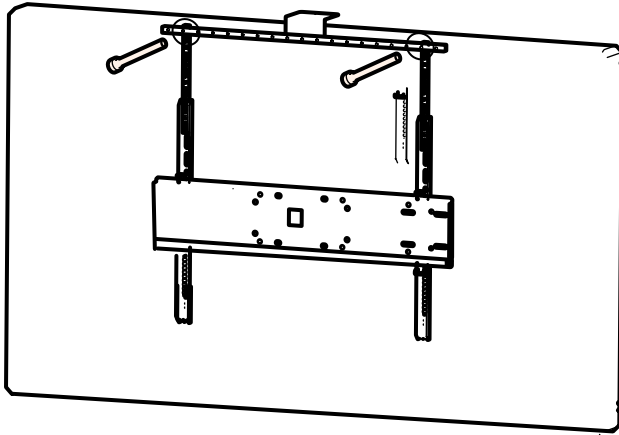

3

Diagram showing the mounting of the camera to the rail. The camera is being mounted to the rail. The height of the camera is indicated as 'A'. The distance from the bottom of the rail to the camera is indicated as 'H/2'. The camera is being mounted to the rail using the hardware listed below.

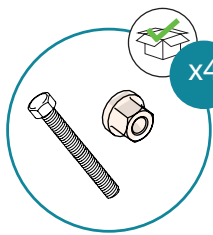

- ALLEN M8
- DIN 912 M8x40 (x8)
- Nut M8 (x8)
- Washer M8 (x16)
