WALL MOUNT WITH EXTENDABLE ARM FOR 23" TO 55" DISPLAYS.

Wall mount with extendable arm and full motion for flat and curved monitors and televisions from 23" to 55" and up to 35 kg. Its pre-assembled arm, with cable management and decorative covers, allows precise positioning of the display and a clean, tidy installation.

FEATURES

- **Full motion. Perfect viewing from any point.** The arm extends up to 502 mm, swivels up to 90° left or right, and tilts from -10° to +20°. This way the display can be adjusted to the viewers' position and glare is reduced.
- **Precise leveling. Perfectly horizontal display.** The integrated leveling adjustment offers a 3° rotation in both directions to correct the position once the display is mounted.
- **Cable management. Clean and tidy installation.** The arm features an integrated cable management system and decorative covers that keep the assembly organized.
- **Compatible with curved monitors.** Supports flat and curved displays with VESA holes of up to 400 × 400 mm, widening the range of compatible equipment.
- **Superior finish. No visible screws.** The decorative wall and column covers hide the mounting screws and provide an elegant finish.
