## A stable floorstand for large displays

Meet the updated version of an Iconic stand.

Icon FH T is a stable and reliable floorstand that embodies our three values: design, function and safety. Large screens often attract a great deal of attention to themselves, and it is therefore important that the bracket can take the scrutiny. Icon FH T does your screen justice. Annoying cables and wiring are hidden inside the bracket. Practical shelving can also be added to perfectly compliment your screen. The design of the SMS H2 Unislide makes it easy to mount. The design of the pillar allows you to, steplessly, place you screen and shelves. The X-shaped foot is both sleek and functional and goes through the complete Icon FM & FH range for a uniform look.

It is avaliable in different legths and in the colors silver/aluminum or black.

The SMS H2 Unislide is included in the package.
